Topic	I stay on topic throughout my presentation and refer to my main idea at the begining, middle, and end of my presentation.	I stay on topic for most of my presentation and I refer to my main idea at the begining and in my conclusion.	I do not stay on topic for some of my presentation and I forget to repeat my main idea.	I do not stay on topic and my main idea is unclear.
Evidence based souldtion	My solution is supported by evidence from 3 or more sources.	My solution is supported by the lessons and at least one other source.	My solution is supported by information from our class lessons only.	I don't provide any evidence for my solution.
Explain How Souldtion Solves the Problem	I explain with more than one solution to solve the problem. Explanations are clear, accurate and correct.	I explain how one solution will solve the problem. Explainaiton is clear, accurate and correct.	I partly explain how the solution will solve the problem. Explanation is a little unclear, or partly incorrect.	I do not give a solution or explain how to solve the problem.

Delivery	I explain the problem of plastic pollution and solutions in more than one way. (i.e. Speech and essay, speech and PopwerPoint, Model and skit.	I clearly show and describe the problem of plastic pollution and my solution to the problem.	I leave out a clear discription of the problem of plastic pollution and/or a solution.	I only discribe the problem or solution verbally.
Organization	My information makes sense. Anyone could take my presentation and be able to give it.	My information is presented in a way that makes sense. My classmates don't get confused.	I kind of knew what I was doing. I may have planned or practiced a little. My class got confused at some parts.	I didn't plan or practice. My audiance was confused the whole time.
Teamwork	I shared my ideas and listened to others ideas. We worked together to make our final presentation. We solved problems with respect.	Most people contributed their ideas, everyone participated and worked hard. We were usually polite and kind to each other.	One person did most of the work. Ideas were shared. Problems were usually solved.	We did not work together. One person completed the entire project. If problems arose, we didn't solve them.
